THAT MAGIC NAME

Down through the orchard wandered we Where, bended low, each burdened tree Hong tull of truitage yellow. "Twas morning, and the analog sun Shone on the leaves of gold and dun With radiance soft and mellow

There came a blush upon her cheek, I thought my time had come to speak. She seemed so sid and tender, But found no words at my command,
My burning love to render.

At last we paused beneath a tree; The branch that sheltered her and me Reached low its luscious fruit. "Be seated, pray," I gently plead. "I cannot-cannot," soft she said, "i'm in my walking suit.

not habitually whistle. He always hired whistlers; said he never knew a whistling laborer to find fault with his feed, his bed, or complain of any little extra work he was asked to perform. Such a man was generally kind to chilhave a hired man on his farm who did Such a man was generally kind to children and to animals in his care. He would whistle a chilled lamb into warmth would whistle a chilled lamb into warmth and life, and would bring in his hat full of eggs from the barn without breaking one of them. He found such a man scorching is slight, the stain can often be one of them. He found such a man scorching is slight, the stain can often be more careful about closing gates, putting up bars, and seeing that the nuts on his plow were all properly tightened be-fore he took it into the field. He never knew a whistling hired man to kick or beat a cow, nor drive her on a run into a stable. He had noticed that the sheep he fed in the yard and shed gathered around him as he whistled, without fear. He never had employed a whistler who was not thoughtful and economical .-

whose ranche is in Meadow Vallew Wash, had his entire crop of cabbages and grain destroyed one day last week. The farmer has been patiently cultivating this plot of ground for the last three months, plot of ground for the last three months, with the exception of laying in enough provisions for the winter, and when about ready for the market these pests made their appearance on his ranche, made their appearance on his ranche, the censuses of the United States, England and IWales. All occupations in structions were received from Signor Gilli, a famous Italian teacher. Such are the ultimate results of the pious turn that incidentally beful a nephew of old softers engaged in household duties, 5, and at the ranche of Judge Rivers, in the valley below town, as soon as the grass or alfalfa shoots above the ground it is devoured by the rabbits. Poisoned wheat is going to be freely used by the
